Membership in the Association shall include listing in one category. Members may be listed in additional categories for a fee, set annually by the Board of Directors.

A member must offer a product or service directly related to a category in order to be listed in that category. A member may not be listed in a category that is indirectly related to a product or service if another category is directly related to that product or service.

All category listings are subject to the approval of the Board of Directors on the recommendation of the Vice President of Membership.

Category listings shall be applicable to member profiles on the Association's website and member advertising in the Association's Bride's Guide publication.

The Board of Directors has not set any limits to the number of members permitted in any one category of membership.

In accordance with Association bylaws, members of the Association are all of “one class” without regard to being listed in a given category or multiple categories. One sole membership listed in multiple categories remains one sole membership, with identical rights of membership as any other one sole membership.

Adopted by Action of the Board of Directors on April 22, 2014.
